(54) FACSIMILE EQUIPMENT

(57)Abstract:

PURPOSE: To perform the information communication considering the secrecy by a facsimile equipment single body with a memory.

CONSTITUTION: Image information read by a reading part 4 is stored in the fixed storing area of a storing part 3 designated from an operating and displaying part 1. A mail box control part 2 to control the storing and removing of the image information is provided. For the drawing of the image information, the fixed storing area and the drawing restraint information designated from the operating and displaying part 1 are analyzed by the mail box control part 2, and at the time of normality, the image information of the storing part 3 is printed and outputted through a recording part 5.
